

To Whom It May Concern,

Our FM station by choice and by financial support is K-LOVE, 88.9 of Oklahoma City. K-LOVE serves multiple uplifting words and principles that our family, including our six-year-old son, repeats throughout the day in our minds and to others. Because of this, it helps our family set a good example for others in our words and attitudes. Therefore, this promotes peaceful and healthy acts and attitudes amongs the community. We are positive that we are not the only family that is affected in this manner by this amazing radio station. Without K-LOVE our community would be robbed of positive attitudes, encouraging words and peaceful enviroments. As we said before, we financially support K-LOVE, and we are ill at the idea that someone would rob us of something healthy that we have ownership in.
